- ✓ Promote student responsibility for behavior and actions.

BST ACADEMIC EXPECTATIONS

BST has established high expectations for student academic success. We believe that all students can succeed academically, and we will provide additional academic assistance to all students to achieve this goal. Our educators not only provide excellent academic instruction in the classroom, but they also provide at least one day a week of additional tutoring for their students. If additional academic help is needed, BUGs (Bring Up Grades) courses and an academic Saturday school are some of the tools that can be used. BST also provides excellent support to those students who have individualized educational plans. The educators at BST go above and beyond for our students to succeed, but students and parents must do their part to attain academic success.

The following are some of the academic expectations.

BST FOLLOWS VOLUSIA COUNTY SCHOOL'S STUDENT PROGRESSION PLAN:

THE FOLLOWING ARE SOME OF THE IMPORTANT HIGHLIGHTS OF VOLUSIA COUNTY'S PLAN

(Please read their full plan for complete details)

The student progression plan shall establish a comprehensive program for student progression from grade to grade and shall provide criteria for progression that reflect the student's proficiency in the adopted state standards and establish specific levels of proficiency in reading, writing, science, and mathematics. The plan shall include the requirements to be met by students and the school's program for ensuring student progression, both through initial and remedial instruction and through other support services. In implementing this plan, reading, writing, and mathematics skills will be integrated and reinforced across all subjects, including career awareness, career exploration, and career and technical education. The purpose of this plan is to establish the school's program to implement state legislative and local board student progression requirements.

- ✓ The **school** is responsible for providing students with effective instructional and remedial programs that monitor progress, promote continuous achievement, and make provisions for individual differences.
- ✓ **Principals** have the responsibility for maintaining required records and reports.
- ✓ **Teachers** are responsible for providing effective instruction and remediation, and documenting instruction in, and students' mastery of, the adopted state standards.
- ✓ **Students** must assume responsibility for learning, attending classes regularly, and participating in instruction.
- ✓ **Parents/guardians** are responsible for monitoring their child's attendance, promoting an interest in learning, and ensuring their child's proper conduct while at school.

ACADEMIC PROGRESSION

It is expected that all students will make progress annually and demonstrate appropriate reading ability sufficient to move to the next grade level or to graduate in a timely manner.

No student may be assigned to a grade level based solely on age or other factors that constitute social promotion. This does not prevent students from being promoted based upon exemption according to state law and district policy. In instances in which an overage student is recommended by the Change of Grade Committee to be moved up in grade level, a support plan must be put in place and followed for at least one full academic year (which in many cases, includes summer school).

STUDENT PROMOTION AND PROGRESSION THROUGH THE ELEMENTARY GRADES

Student promotion is also based upon an evaluation of the student's satisfactory performance toward grade level adopted state standards and levels of performance on statewide standardized assessments in English Language Arts (ELA), science, and mathematics. The classroom teacher has the primary responsibility for determining each student's level of performance and ability to function academically at the next grade level, subject to review by the principal or designee.

The teacher recommends promotion based on satisfactory performance on the following: grade level adopted state standards, district/State-wide assessments, classroom work, observations, tests, and/or other relevant achievement data.

A student in any elementary grade who does not meet the required levels of performance on statewide standardized assessments in ELA, science, and mathematics, as defined by the Commissioner of Education, and who fails to meet satisfactory grade level performance on adopted state standards, classroom work, observational data by certified staff, tests, district assessments, and other relevant data, may be retained with approval of the principal and with written notification to the parent/guardian. A student who is retained will not be promoted to the next grade level and must receive an intensive program that is different from the previous year's program and takes into account the student's learning style.

* BST follows the Volusia County School's promotion policies and guidelines for Exceptional Student Education and English Language Learners.

STUDENT PROMOTION AND PROGRESSION THROUGH THE MIDDLE GRADES

In order to be promoted, students must make satisfactory progress in at least five of seven courses per grade level, including at least three of the four core courses: English Language Arts (ELA), mathematics, science, and social studies.

Promotion to Grade 7 - A sixth-grade student must have earned a final grade of “D” or better in at least five of seven courses, including three of the four core courses: ELA, mathematics, science, or social studies.

Promotion to Grade 8 - A seventh-grade student must have earned a final grade of “D” or better in at least five of seven courses, including three of the four core courses: ELA, mathematics, science, or social studies.

Promotion to Grade 9 - In order to be promoted from grade 8 to grade 9, all middle school students must successfully complete the following in grades 6-8 with an overall grade of “D” or higher. • 3 courses in English (Language Arts) • 3 courses in Mathematics • 3 courses in Science • 3 courses in Social Studies (to include completion of one credit in civics) • 1 course in Career Exploration and Planning (may be incorporated in a Core Content Area)

A student who does not meet the established criteria for promotion for his or her grade level will be retained.

* A student has three years to complete the middle school requirements. Students are expected to pass their courses each year to be on pace to meet this requirement. If a student falls behind by failing courses, it is expected that the student, with their parents' support, works with BST to develop and follow an academic plan to remediate the failed courses. If the student does not follow the established academic plan, the student will go before the Academic Review Committee to determine a new plan or a possible dismissal from the BST Program.

** BST follows the Volusia County School’s promotion policies and guidelines for Exceptional Student Education and English Language Learners.

STUDENT REQUIREMENTS TO EARN A HIGH SCHOOL DIPLOMA

The 24 credits may be earned through applied, integrated, and career education combined courses approved by the Department of Education. For students entering 9th grade in 2013- 2014 and thereafter, the 24 credits shall be distributed as follows:

- Earning four credits in English Language Arts (ELA), which must include ELA I, II, III, IV or equivalent, applied, integrated, or accelerated courses, and passing the 10th grade statewide, standardized ELA assessment.
- Earning four credits in mathematics, which must include one credit in Algebra 1 and one credit in Geometry. The statewide, standardized Algebra 1 and Geometry EOC assessments constitute 30% of the student’s final course grade. Earning course credit is no longer contingent upon passing the EOC assessment; however, passing the EOC is a graduation requirement for Algebra 1.
- Earning three credits in science, which must include one credit in Biology 1. The statewide, standardized Biology 1 EOC assessment constitutes 30% of the student’s final course grade.
- Earning three credits in social studies, which must include one credit in United States History, one credit in World History, one-half credit in United States Government, and one-half credit in Economics. The statewide standardized United States History EOC assessment constitutes 30% of the student’s final course grade.
- Earning one credit in fine or performing arts, speech, and debate, or practical arts (practical arts courses are identified in the course code directory).
- Earning one-half credit in physical education to include integration of health and one- half credit in Personal Fitness.

- A cumulative grade point average (GPA) of 2.0 on a 4.0 scale.

* A student has four years to complete the 24 credit requirement to graduate. Students are expected to pass their courses each year to be on pace to meet this requirement. If a student falls behind by failing courses, it is expected that the student, with their parents' support, works with BST to develop and follow an academic plan to remediate the failed courses. If the student does not follow the established academic plan, the student will go before the Academic Review Committee to determine a new plan or a possible dismissal from the BST Program.

** **BST** follows the Volusia County School’s promotion policies and guidelines for Exceptional Student Education and English Language Learners.

BST ATTENDANCE REQUIREMENTS

Parent/Guardian Responsibility - Florida law (Fla. Stat. § 1003.24) requires each parent/guardian of a child from six to sixteen years of age to be accountable for their child's school attendance and holds parents/guardians responsible for providing an explanation for any absence from school. A student over the age of 16 is subject to compulsory attendance unless the student and parent completes a formal declaration of intent to terminate school enrollment with the Volusia County School district. If a student has unauthorized absences sufficient to jeopardize academic progress and it is determined that the student's parent or guardian is at fault for the absences, in accordance with Florida Statute § 1003.24, the procedures under Florida Statutes § 1003.26 and § 1003.27, shall be followed by the appropriate school personnel.

Excused Absences - The law allows absences for illness or medical care, death in the family, religious holidays, prearranged absences for educational purposes approved by an administrator, financial and certain other special circumstances, or insurmountable conditions. A student with an excused absence is not subject to any disciplinary or academic penalties.

Unexcused Absences - An unexcused absence takes place any time a child is out of school for reasons not recognized in the law. In these cases, the child may be subject to academic penalties. Unexcused absences include missing the bus/oversleeping, vacations, trips, shopping, excessive illness without physician verification

A student's primary teacher or the school's attendance team shall report to the principal or their designee if the student is exhibiting a pattern of non-attendance and is a potential habitual truant when the student has accumulated:

- a. At least five (5) unexcused absences, or absences for which the reasons are unknown, within a calendar month; or
- b. Ten (10) unexcused absences, or absences for which the reasons are unknown, within a 90-day calendar period.

If a child subject to compulsory school attendance (Attendance Contract) will not comply with attempts to enforce school attendance, the principal or their designee may refer the case to the Child In Need of Services/Family In Need of Services (CINS/FINS) provider committee or in extreme cases, Department of Children and Families (DCF).

If the child has had more than fifteen (15) unexcused absences in a ninety (90) day calendar period, the principal or their designee may file a truancy petition pursuant to the Florida Statutory procedures (Fla. Stat. § 984.151) which may result in a court hearing and/or a social worker being assigned to the case. Florida Statutes Section 322.091 requires schools to report any students of driving age starting at age 14 who accumulates 15 unexcused absences to the Department of Highway Safety and Motor Vehicles. Licensed minors will lose their driving privilege unless they comply with attendance requirements.

BST wants all of our students to attend school and expects parents and students to make the commitment to attend school. If a student exceeds fifteen (15) unexcused absences, or absences for which the reasons are unknown, within a 90-day calendar period and has violated their attendance contract, the student will go before the Attendance Committee. The student and parent/guardian will be given an opportunity to provide reasons and documentation for the unexcused absences. Based on this information, the Attendance Committee will determine if the student will be dismissed from the BST Program or if another attendance contract will be implemented.

DISCIPLINE MATRIX

BST Discipline Matrix was created to encourage students to behave in positive ways. Our task is to prepare students to make a positive difference in the world, and learning how to act in a professional manner is a key aspect of this goal.

Discipline infractions will be handled on an individual basis and consequences will be administered fairly and consistently. The matrix was derived from Volusia County Schools discipline code of conduct.

The Discipline Matrix is based on the level of the infraction. Students are given discipline points for each infraction, and the more points accumulated, the more severe the consequence. We expect our students to earn 5 or fewer points throughout the school year, and most students will achieve this goal. Awards will be given to students who model excellent behavior. Students who do not meet this expectation may be put on a behavior plan or, if violating major rules or have an excessive amount of violations, will go before the Disciplinary Committee for a hearing that could result in the dismissal from the BST Program.

<i>Per Policy 208: A student's IEP or 504 plan must be considered when determining the the response to a disciplinary action.</i>			
<i>Point System</i>			<i>The Level of the Infraction determines the number of points (Level Squared) - Level 1 = 1 Point, Level 2 = 4 Points, Level 3 = 9 Points, Level 3.5 = 12 Points, and Level 4 = 16 Points</i>
<i>Reducing Points</i>			<i>Students can reduce points by completing community service outside instructional time. One point can be reduced for every two hours of community service.</i>
<i>Students who have 10 or more points may lose extracurricular privileges, including sports, clubs, field trips, field days, & dances</i>

POLICY ON DISMISSAL OF STUDENTS

As provided for under Florida Law, BURNS SCIENCE AND TECHNOLOGY CHARTER SCHOOL, INC. (“Burns” or “the School”) reserves the right to withdraw a student involuntarily for non-minor infractions of the School’s Code of Conduct.

Withdraw/Dismissal of Students for Violations of Code of Conduct

A Principal at BST shall have the authority to recommend dismissal for a student from the program for any violation(s) of the Code of Student Conduct that is determined by the Principal to be non-minor in nature. Written notification shall be provided to the parent/guardian informing them that the student will be dismissed from the program, stating the reasons for the dismissal, stating actions taken by staff to assist the student prior to dismissal, and providing information about their due process rights and right to appeal the determination as set forth herein. The notification must also establish whether or not the student will be eligible to reapply for enrollment at the School at a future date. BST shall notify the Volusia County Public Schools District (the “School District”) of any recommendation for dismissal under this policy.

Any recommendation for dismissal, as well as any documentation supporting said recommendation, shall be submitted to a due process coordinator for review of compliance with this policy. Said coordinator shall be the Human Resources Staff Member of BST.

Process for Dismissal

Should a Principal at BST recommend a student for dismissal, a hearing will be scheduled with the School’s Disciplinary Review Committee (the “Committee”). This Committee will be made up of the School’s Board Chair or Board Designee, and members of the School’s Administrative Staff, including an ESE staff member when necessary. A School counselor (for informational purposes only), and possibly the School’s attorney, whose role will be to advise the Committee on the dismissal process, may also attend the hearing. The hearing will begin with the administrative staff stating the behavioral offenses committed by the student. The student, with their parent/guardian and/or representative, will be given an opportunity to address the allegations against the student. The Committee can ask follow-up questions to clarify items about the case. Once the discussions have concluded, the Committee will deliberate and decide whether to issue a dismissal of the BST Program. The student along with their parents or representative will be notified of the decision at the conclusion of the deliberation.

Following the hearing, a dismissal will not become final until (i) the expiration of the window to appeal as set forth below, if the parent/guardian does not appeal, or (ii) the conclusion of the appeal. Upon a dismissal becoming final, the administration of the School will refer the student to the School District for appropriate placement.

Offenses Qualifying For Dismissal

A student may be dismissed for offenses that are deemed to be non-minor offenses of the School’s Student Code of Conduct in effect for the current school year, by the Committee. Said offenses may include, but are not limited to: Level 3 or 4 behaviors as well as repeated Level 2 incidents listed on the School’s Discipline Code of Conduct.

Effect of Dismissal

“Dismissal” for purposes of this policy means that a student is involuntarily disenrolled from all schools operated by BST and barred from re-enrolling either indefinitely or for a specified period of time.

Appeal Process

The parent/guardian of a student who has been notified that their student will be dismissed from the program must be given a period of five (5) days to submit a written appeal to the Governing Board of BST if they so desire. The appeal shall be forwarded to the Chairperson of the Governing Board of the Organization. Designated time for a hearing on the appeal shall be added to the agenda for the next meeting of the Governing

Board or the Chairperson may call a special meeting to consider the appeal. The Governing Board should attempt to hold a hearing within ten (10) days following the submission of the parent/guardian's written appeal.

All members of the Governing Board must be provided with a copy of the parent/guardian's written appeal in advance of the meeting. At the meeting, a hearing will be conducted on the dismissal. The parent/guardian has the right to have an advocate or attorney represent them at the hearing. The Principal recommending the dismissal, or his or her designee, shall be given 25 minutes to present pertinent facts and information about the decision. The parent/guardian, or his or her designee, shall then be given thirty (30) minutes to present additional facts and information for the Governing Board to consider. The Principal, or his or her designee, will then be given five (5) minutes for rebuttal.

Following the presentation by both parties, the members of the Governing Board may ask the parties questions, seek additional information, and discuss the issues amongst themselves. The Chairperson shall then call for a motion to either approve or deny the appeal. The appeal may be approved or denied by a majority vote of the Governing Board members present at the meeting. In the event of a tie, the Chairperson reserves the right to break the tie. The Governing Board also reserves the right to uphold but modify the terms of any dismissal by a majority vote, including whether the student will be eligible to reapply for enrollment at a future date. The decision of the Governing Board is final and may not be further appealed.

Within three (3) business days following the decision of the Governing Board, the Principal shall issue a written notification to the parent/guardian communicating the decision of the Governing Board. A copy of the notification will be provided to the School District. If the Governing Board voted to grant the appeal and overturn the dismissal, the student should immediately resume participation in the program.

Suspensions and Placement Following Recommendation for Dismissal

The administration may suspend a student who has been recommended for dismissal for up to ten (10) days. The suspension may be extended beyond ten (10) days if such suspension period expires before the regular or special meeting of the Governing Board can be held if the parent/guardian appeals. Whenever possible, the Governing Board shall attempt to meet in a special meeting to avoid an extension of the suspension period.

Notwithstanding the foregoing, a student with disabilities may not be suspended for ten (10) consecutive days or ten (10) total days during the school year if such removal would constitute a change of placement without having a Manifestation Determination Hearing, as set forth below. Thereafter, the student may be required to remain at home pending the outcome of the appeal, though the School must provide educational services to the student, including providing assignments so as to enable the student to continue to participate in the general curriculum, although in another setting, and to progress toward meeting the goals in the student's IEP and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications designed to address the behavior violation so that it does not recur.

Manifestation Determinations for Students with Disabilities

The dismissal of a student with disabilities shall be handled only in accordance with Rule 6A-6.03312, Florida Administrative Code, the Individuals with Disabilities Act, Section 504 of the Rehabilitation Act, and other applicable laws. If the School's Disciplinary Review Committee and Governing Board through the appeals process approves a recommendation for dismissal for a student with disabilities, such approval shall be conditional upon the School conducting a manifestation determination meeting within ten (10) school days. The parent/guardian shall be notified of the decision in writing and shall be provided the notice of procedural safeguards.

The manifestation determination team shall be composed of a representative from the School District or an ESE School Administrator to lead the meeting, the parent, and relevant members of the IEP team (as determined by the parent and the School). The manifestation determination team will follow all procedures and requirements set forth in Rule 6A-6.03312. A student may not be dismissed from the program if the

manifestation determination team finds that the conduct in question was a manifestation of the student's disability. In such a case, the School will implement all required measures in Rule 6A-6.03312.

If it is determined that the conduct was not a manifestation of the student's disability, the Principal shall notify the parent/guardian of the Disciplinary Review Hearing that will take place within the 10 suspension days. If the Disciplinary Review Committee determines a dismissal the parent/guardian shall have five (5) days thereafter to make a written appeal to the Governing Board

Confidentiality of Student Information During an Appeal

At present under Florida's Sunshine Law, all appeal hearings relating to a dismissal must be open to the public if the parent chooses to have the meeting be public. The Governing Board may not go into executive session to consider an appeal under Florida law. However, the Governing Board and those people presenting during the hearing should be sensitive to the confidential nature of the information. In the initial notification regarding the dismissal, the parent/guardian should be fully informed that any hearing before the Governing Board to consider an appeal will be open to the public. The parent/guardian should be notified that their request for a hearing before the Governing Board constitutes consent to the disclosure of confidential information about the student at the hearing relevant to the Governing Board's consideration. Notwithstanding the foregoing, the Organization shall protect the confidentiality of all education records that are considered as part of the appeal and shall not release such records to any person who does not have a legitimate educational interest or legal right to review such education records in accordance with Florida law and the Family Educational Rights and Privacy Act.

Expulsions

A "dismissal" under this policy is not an "expulsion" as that term is utilized in the applicable Code of Student Conduct.

This Policy on Dismissal of Students was approved by a majority of a quorum of the Governing Board of Burns Science and Technology Charter School, Inc.
